

Hey ya'll! This is Vanessa from [Lella Boutique](#) and I'm sorta hoping that I'm not the only one to have missed Christmas in July! Now that *Into the Woods* fabric is on its way to shops, I'm celebrating by sharing my Figgy Pudding quilt pattern. For this project, you will need 10 of your favorite Christmas-y fat quarters. I went for the sweet reds and mints from *Into the Woods* for this project.

Ingredients:

- 10 fat quarters for the blocks
- 1 fat quarter for the corner blocks

This is an original pattern not intended for sale.

- 2-3/4 yards background fabric
- 1 yard border fabric
- 2/3 yard binding fabric
- 4-1/2 yards back fabric
- 75 x 75" cotton batting

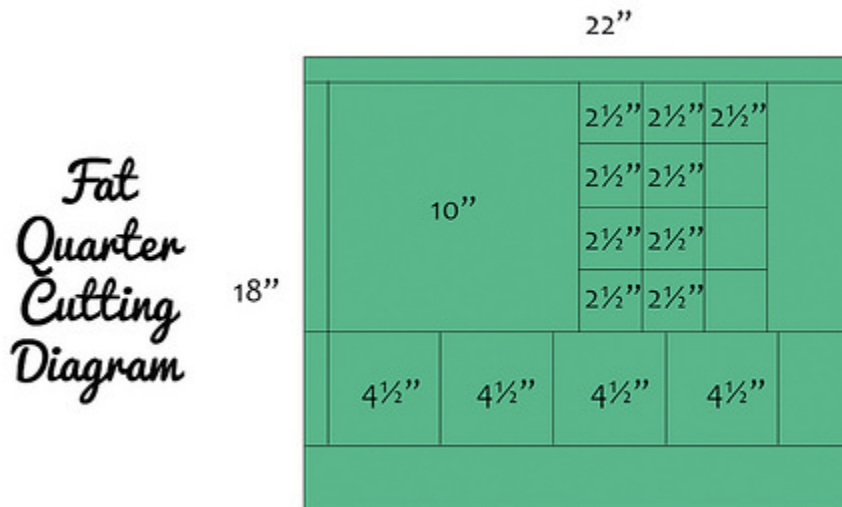

Instructions:

CUTTING

*NOTE: Because each block uses two prints, this quilt requires an even number of fat quarters. (10 fat quarters = 10 blocks.) Since I've chosen a layout with an odd number of blocks (9), there will be one extra block.

1. Organize the fat quarters into pairs. From each fat quarter, cut the following:

- One 10" square
- Four 4-1/2" squares
- Nine 2-1/2" squares

2. From the background fabric, cut the following:

- 3 strips 10" x WOF. Sub-cut into 10" squares, 4 per strip until you have 9.
- 9 strips 2-1/2" x WOF. Sub-cut into 2-1/2 x 8-1/2" strips, 4 per strip until you have 36.
- 12 strips 2-1/2" x WOF. Sub-cut into 2-1/2 x 18-1/2" strips, 2 per strip until you have 24.
- 5 strips 2-1/2" x WOF. Sub-cut into 2-1/2" squares, 16 per strip until you have 72.

3. From the corner block fabric, cut sixteen 2-1/2" squares.

4. From the border fabric, cut eight strips 4" x WOF. Piece together (end-to-end) in pairs.

5. From the binding fabric, cut seven strips 2-1/2" x WOF.

BLOCK ASSEMBLY

*Assume 1/4" seam allowance

6. To make one block, you will need the following:

- One 10" square of FAT QUARTER A
- Four 4-1/2" squares of FAT QUARTER A
- Nine 2-1/2" squares of FAT QUARTER B
- One 10" square of background fabric
- Eight 2-1/2" squares of background fabric
- Four 2-1/2 x 8-1/2" strips of background fabric

7. HALF-SQUARE TRIANGLES (HSTs): Mark a diagonal line on the back of the 10" square of background fabric to form an 'X'. Use a ruler to draw an additional set of lines to divide the square into four equal (5" square) sections. Place a marked square right sides together with the 10" square of FABRIC A, aligning raw edges. Sew 1/4" away from the diagonal on both sides, on both diagonals.

Using your rotary cutter and mat, carefully cut along all drawn lines. Open and press each half-square triangle. Trim each HST to 4-1/2" square.

8. FOUR-PATCH SQUARES: You will need eight 2-1/2" squares of FAT QUARTER B and eight 2-1/2" squares of background fabric. Sew together in pairs and press toward FABRIC B. Sew two pairs together and press the seams.

9. Gather together the 4-1/2" squares of FABRIC A, the half-square triangles of FABRIC A, and the four patch-squares of FABRIC B. Sew the blocks into rows and press the seams. Sew the rows together; press the seams. Make 4.

10. Arrange 4 blocks as indicated below--with a $2\frac{1}{2} \times 8\frac{1}{2}$ " strip of background fabric separating them, and one $2\frac{1}{2}$ " square in the center. Sew the block into their rows and press the seams. Sew the rows together; press the seams. Finished block should measure $18\frac{1}{2}$ " square. Repeat to make 10 blocks.

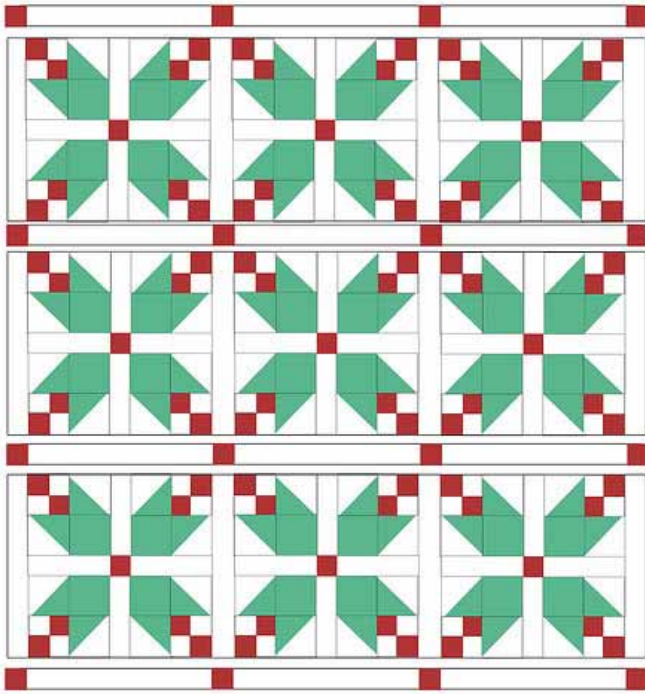

11. Arrange 9 blocks into three rows of three. Sew the blocks of each row together with a $2\frac{1}{2} \times 8\frac{1}{2}$ " strip of sashing in between and on the outside.

12. You will need four $2\frac{1}{2}$ " squares of corner fabric and three $2\frac{1}{2} \times 8\frac{1}{2}$ " sashing strips. Sew together the pieces end-to-end in the following order: corner square, sashing strip, corner square, sashing strip, corner square, sashing strip, and corner square. Make four.

13. Sew the block rows together with a pieced corner square/sashing strip in between and on the top and bottom.

14. Retrieve the pieced border strips from step #4 and attach to the sides first, trimming the excess. Repeat to add pieced border strips to the top and bottom, trimming the excess. Square up the quilt-top, if necessary.

15. Baste and quilt as desired. Of course, you could always incorporate the extra quilt block into your backing at this point :)

16. For the binding, use the binding strips from step #5 and refer to my [Moda Bake Shop binding tutorial here](#).
