How to use your quilters' colourwheel:

> PLACE the wheel right side up on top of your fabric, so that it shows through the window.

> POINT the indicator in the middle of the wheel to your fabric and follow the arrows to choose your combination on the wheel:

- *Complementary* colours are opposite each other on the wheel.
- *Split Complementary* colours are either side of the complementary colour.
- *Triadic* colours are three that are spaced equally from each other around the wheel.
- *Double Complementary* and *Tetradic Square* colours are four points spaced around the wheel.
- *Analogous* colours are next to each other on the wheel.

> PICK the colours that you like best and you're ready to go!
