### Preparation

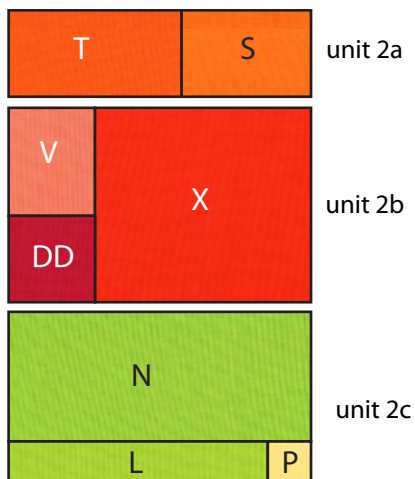

Trace templates in reverse onto the paper side of fusible web to create mirror images, labeling as indicated. Note that some templates are larger than the page and will need to be joined along the longer dotted lines (marked on the templates). Also, some templates have a dotted outline--this is just to differentiate templates where layering occurs on the template pages. Cut out each shape 1/4" past the line. Fuse the shapes to the indicated fabric and cut out on the lines.

### Add the Applique

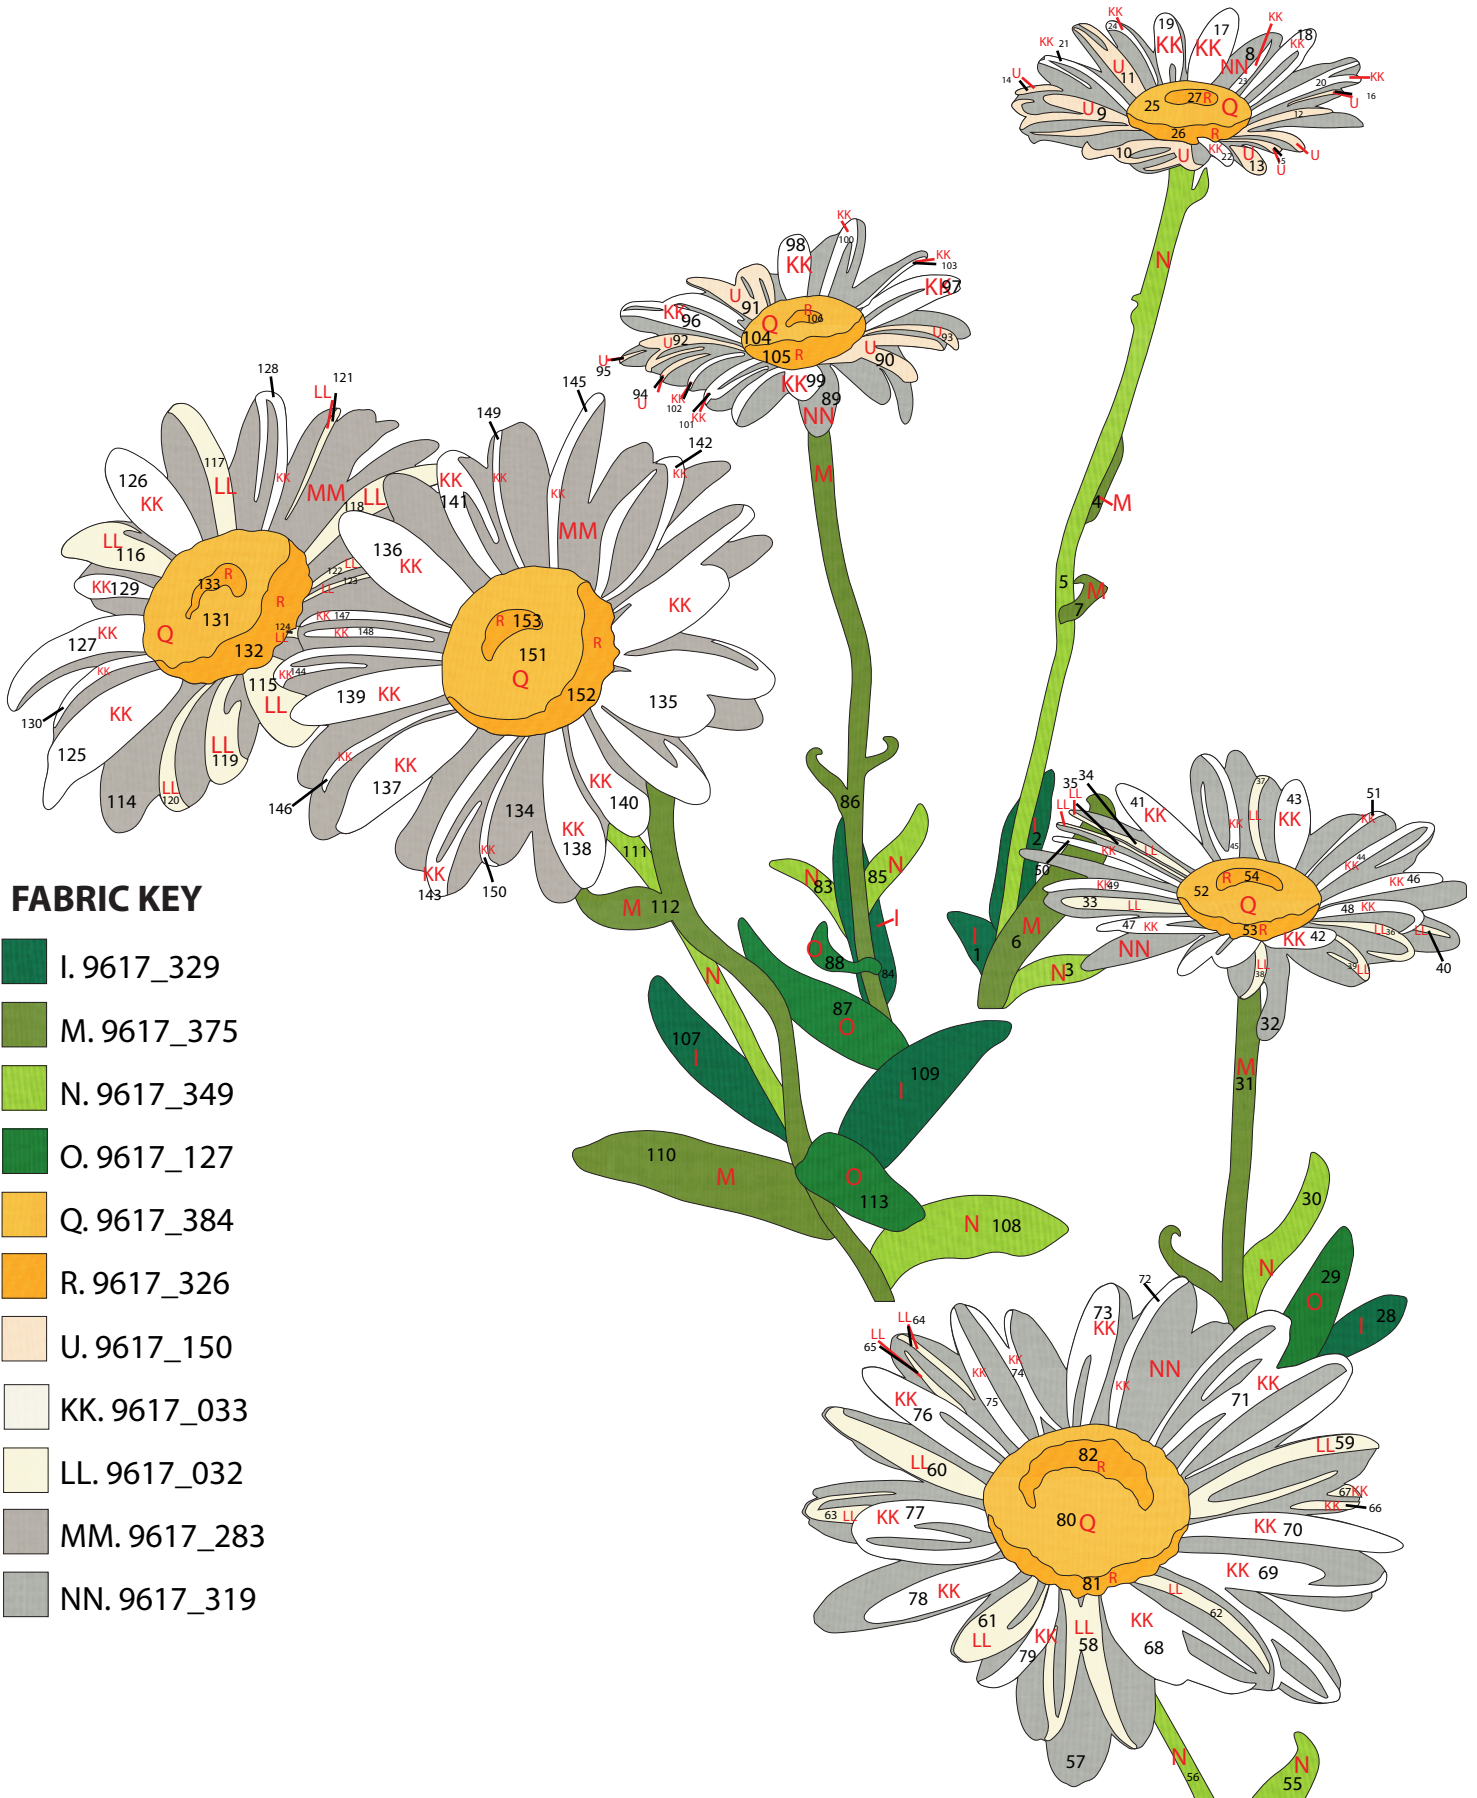

1. Referring to the Placement Diagram on page 8, position the flower and leaf shapes on the pieced background and fuse in place, following manufacturer's directions.
2. If desired, use a straight stitch or decorative stitch to applique pieces in place.

### Finish the Quilt

1. Layer the quilt back right side down, batting, and quilt top right side up. Baste layers together and quilt as desired. Trim backing and batting to edge of quilt top.
2. Use the six 2-1/4" x 42" Fabric KK strips to bind the quilt.
