## Cutting Guide

1. From each of your ten 35cm or 3/8 yard pieces, cut the following from the whole width of the fabric:

- 1 Strip, 4" x 44"
- 5 Strips, 1 1/2" x 44"

2. Cut each 4" strip into 4" x 4" squares. You will need 10 of these squares from each of your 10 fabrics.

Cut each 1 1/2" strip into four 6" x 1 1/2" pieces and four 4" x 1 1/2" pieces.

You will need twenty 6" x 1 1/2" pieces and twenty 4" x 1 1/2" pieces from each.

*Note: Each completed square should have one fabric in the middle with a border of different fabric. See cover photo as a guide.*

## Piecing Instructions

- Sew contrasting 4" x 1 1/2" strips to opposite sides of each square, right sides together. Open and Press.
- Sew 6" x 1 1/2" strips to the top and bottom of each square, right sides together.
- Continue until you have 100 complete squares.
- Lay out all the squares on the floor to position them, ensuring that no two squares of the same fabric touch one another. This is important for the final appearance of your quilt.
- Sew squares together, first in rows of ten across. Press.
- When you have completed ten rows of ten, sew two rows together, right sides together. Open and press.

## Assembly

- Cut your backing fabric in half so that you have two pieces measuring 1 3/4 m (approx. 2 yards) each. Sew these pieces together side by side to form a large backing piece.
- Layer your quilt top, batting and backing together (quilt top and backing facing right sides out)
- Baste your quilt.
- Quilt as desired.
- Cut your binding into six 2 1/2" strips, and bind your quilt.

Piecing diagram: 10 rows across.
